HISTORIC AMERICAN BUILDINGS SURVEY

MALDEN HISTORIC DISTRICT, 4412 Malden Drive HABS No. WV-210-18

Location: 4412 Malden Drive, Malden, Kanawha County, West Virginia
(Within the boundaries of the Malden Historic District)

Present Owner: Kanawha Salines Presbyterian Church, c/o Rev. John R. Dodd,
4412 Malden Drive, Malden, West Virginia 25306.

Present Occupant: Rev. John R. Dodd

Present Use: Manse

Significance: This brick dwelling built around 1950 reflects the scale and
general form, but not the details, of traditional Malden
houses.

PART I. ARCHITECTURAL INFORMATION

A. General Statement:

1. Architectural character: This is a rather standard modest two-story gable-roofed brick house of the 1950s with steel casement windows.
2. Condition of fabric: Well maintained.

B. Description of Exterior:

1. Over-all dimensions: This building is approximately 46'-2" wide by 36'-6" deep, having a three-bay front. The building is basically a two-story rectangle with two attached porches and a very minor extension eastward from the southeast corner.
2. Wall construction, finish and color: The walls consist of red brick laid in a running bond pattern. All wooden trim is painted white.
3. Porches, stoops, bulkheads, etc.: The house has two one-story porches, one at the major entry on the west front and another across the entire width of the north wall. Both porches have roofs supported by wooden posts, the smaller entry porch having a gabled roof while the larger porch has a shed roof.
4. Chimneys: The house has one brick chimney located at the center of its north wall.
5. Openings:
 - a. Doorways and doors: All doors are wooden panel doors, the main entry door also having glazing in a fan pattern in the upper portion of the door.

- b. Windows and shutters: All windows are steel casement units. On the first floor level, casement panels on the west facade are separated by "picture windows."

6. Roof:

- a. Shape, covering: The roof is a simple gabled roof covered in white asphalt shingles.
- b. Cornice, eaves: The eaves overhang the east and west walls only and are free of ornamentation.

C. Site:

- 1. General setting: The house faces west onto Malden Drive.
- 2. Outbuildings: A brick two-car garage is located to the east of the main structure.

August 1979

PART II. PROJECT INFORMATION

This project was undertaken by the Historic American Buildings Survey (HABS) with funding from the West Virginia Department of Culture and History. The recording was completed under the direction of John Poppeliers, Chief of HABS, and Kenneth L. Anderson, Principal Architect of HABS, in the HABS field office in Charleston, West Virginia. Recording was carried out during the summer of 1979 by James Murray Howard (University of Illinois), Project Supervisor; Donna White, Project Historian; and Student Architects James Barrett Garrison (Carnegie-Mellon University) and Keith Edward Soto (University of Florida). The photographs were taken by Walter Smalling, Jr., Heritage Conservation and Recreation Service Photographer.
